

FAQs

Q What is SuccessMatch?

A SuccessMatch is the leading provider of dating support and high end matchmaking services in Switzerland. We have helped quality singles find love since 2005.

Q Who is the SuccessMatch target group?

A We define the SuccessMatch target group as local and international professionals in Switzerland. Over 95% of our clients live and work in Switzerland, however many have international backgrounds. Very often, clients come to Switzerland thinking they will stay 2, at the most 3 years, and 15 years later they are still here. Male clients range in age from early thirties to early seventies. Female clients from mid-twenties to early sixties. They may be single and never married, or divorced, or widowed. Clients tend to have strong academic backgrounds, they tend to have very busy professional lives, they tend to live a healthy lifestyle and enjoy a good quality of life. In fact, our clients seem to have everything in life except a nice partner to share that life with. Our clients would now like to find that great partner. A professional, confidential, personalized and caring service, which gets them results, is important to them.

Q Does SuccessMatch have an equal number of male and female clients?

A SuccessMatch always has more female clients... which is entirely in line with the worldwide phenomenon whereby personalized agencies have more female clients.

Q What can I expect from a 15-min complimentary consultation?

A Due to a high demand for our services, SuccessMatch does all first complimentary consultations via Skype with camera. The 15-minute complimentary consultation gives us a first impression of whether there could be a fit between us. As you will have already read these Frequently Asked Questions before we meet, we can focus on you and your needs and whether there could be a fit. If there is a further interest, you may then book a 50-minute paid consultation with Trea Tijmens, CEO of SuccessMatch and award-winning dating expert.

Q What can I expect of the 50-minute paid consultation by Skype?

A The 50-minute consultation via Skype with camera serves to identify your dating and relationship goals as well as determine your current status / what your starting point is. During the consult, you will discuss what is important to you in a partner, and establish your key search criteria. Trea will help you identify what has been standing in the way of you reaching your goal. Then she can help you identify how to get from where you are now to your goal, and see how we can best serve you. Of course, you will also have the opportunity to ask Trea any questions that you may have. The 50-minute consultation by Skype is charged at 250 CHF and if you sign up for a coaching program or the Platinum Matchmaking service, the 250 CHF that was paid for the 50 minute consultation will be deducted from your fees.

Q May I meet Trea face-to-face in person?

A Yes, Trea meets and gets to know every gentleman who becomes a SuccessMatch Platinum Matchmaking client after the 50 minute skype consultation, one-on-one and in person. Another way to meet Trea is to come to an event that she is attending or organizing, which provides a great opportunity to meet her in person and benefit from her expertise.

Q What services do you provide Singles in Switzerland?

A SuccessMatch provides singles the following service options to find their partner:

Work with Dating Coach Trea Tijmens	Available to men and women
Matchmaking Services	Available to men
Free Match Candidate	Available to qualified men and women

Q What are the fees of your Matchmaking Services for gentlemen?

A Different matchmaking packages are available and fees start at 10.000 CHF

Q Why do you not offer the Matchmaking service to women?

A Like other dating and matchmaking services all over the world, SuccessMatch has consistently far more women than men requesting their services. Although we have fantastic success stories of female clients that we have provided matchmaking services to over the past years, experience has shown that providing women with date coaching services is **significantly** more successful in getting them in happy, fulfilling relationships, whereas the financial investment in a date coaching program is significantly lower than in matchmaking. SuccessMatch focuses on what gives our clients the best ROI. For women, this is absolutely providing them the opportunity to work with our CEO Trea Tijmens as your dating coach to find your success match!

Q Why do you say working with Trea as your dating coach is so successful for women?

A Because working with your dating coach allows for a much more holistic approach to the dating process. With date coaching, we are not limited to the few opportunities that happen to be available at that particular moment in time in a matchmaking service, but instead we create as many opportunities as possible to meet your partner. That includes creating opportunities in real life, creating opportunities online, and should there be an opportunity to be introduced to a gentleman in Trea’s network, she will make that introduction as well. It is not always only a matter of who you meet, but also how you meet someone. Trea sets her clients up for success, helps them every step of the way and get the fastest results in the most enjoyable way possible. 100% of clients start dating while Trea coaches them and **over 85% are in a happy relationship** by the time she stops coaching them!

Q Do you still provide women with introductions?

A Yes. Although we offer our very personalized and high end matchmaking services exclusively to gentlemen, women still have opportunities to be introduced.
Although there is no contractual obligation to offer introductions to ladies who work with Trea as a Dating Coach, Trea will make introductions if there is a suitable opportunity.
Ladies can apply to be free Match Candidates with us and be eligible for introductions to gentlemen in our network within Switzerland and abroad.

Q What may I expect from working with dating coach and award-winning dating expert Trea Tijmens?

A Trea will accompany you every step of the way to finding your success match and will ensure you get results fast whilst keeping the coaching and dating process enjoyable! You will receive a total of 9 coaching sessions via Skype or Zoom of 50 minutes each, written wrap ups after each session, personalized support material, tools and guidelines and access to your dating coach by email in between your sessions.

Q Do you offer group coaching programs for singles?

A Yes we do! Ask us when our next group is starting and whether you qualify to participate.

Q Is there a payment plan for your coaching programs?

A The 4 month one-on-one coaching program is an investment of 4499 CHF, or 4 monthly payments of 1249 CHF. Group coaching programs are an investment of 1999 CHF, or 4 monthly payments of 599 CHF

Q Do you also provide online dating support?

A Yes! We can advise you which platform is best for you to use, how to set up your profile right, provide you with online dating guidelines and make the online dating experience fun and successful. We can also provide support with dating apps.

Q What is a FREE Match Candidate?

A Being a Match Candidate offers you the opportunity to be matched with eligible singles in Trea's network in Switzerland and abroad. However, a Match Candidate is NOT a client of SuccessMatch, so this means that we do not actively look for matches for match candidates. Registering as a Match Candidate with SuccessMatch is free.
